

Art Year 6 : Sustainable Art (glass jar)

Prior Learning

- Year 4 know how to use marks and lines to show texture in my art.
- Year 4 know how to use line, tone, shape and colour to represent figures and forms I movement.
- Year 5 know how to identify and draw objects and use marks and lines, to produce texture.
- Year 5 know how to successfully use shading to create mood and feeling.

Sticky Knowledge

- I can explain why I have chosen specific techniques to create my art.
- I can create a glass jar from a variety of different sources.
- I can draw with control and dexterity to accurately represent an image.
- I can explore colour mixing and blending techniques with crayons, colouring pencils etc.
- I can explore different sources and use recycled objects to decorate a glass jar.

sustainable art

Recycled crafts:
decorating glass jars

Vocabulary

repurpose	adapt for use in a different purpose
sustainable	Little or no harm caused to the environment using sustainable products
sculptural forms	Using rocks, plastic bags, metal to create structures in 3 dimensional form
eco design	Taking the environment into consideration when creating art
up cycling	Creating pieces of art using materials that were previously deemed broken or unusable.

Ptolemy Elrington
He uses recycled metal.
