Being in Reception is very exciting as we get to learn lots of new things together. We will learn to read, write and lots of maths skills as well as finding out lots about the world around us. You will not believe how much your child will learn and grow this year.

We have so much planned to do and we can't wait to meet you all properly soon!

Here is a little information about your teacher so you can get to know them.

All About Me

I am so excited to be your new teacher in September. I know we are going to have a great year of learning together and I am looking forward to meeting you soon.

I have been teaching here at Griffe Field for 9 years and I have worked with pretty much every year group in that time!

I love teaching as I get really excited to see children learn new skills and achieve their goals. I believe that the most important thing that I do at school is to help children to make friends and learn how to be part of a team. It is also great to learn about the world around us and have some fun along the way too.

When I am not at school, I enjoy reading, gardening, playing board games and spending time with my family. I am married and have a 3 year old son called Arthur and a nearly 1 year old daughter called Esmé!

I can't wait for you to come to school and join the Fantastic Foxes Class.
